JOB FAMILY AND FUNCTION

Job Family:	Information Technology
Job Function:	IT User Support

JOB SUMMARY

Under general supervision, provides telecommunications consultative and technical support services to campus constituents to ensure timely service activation, problem resolution, and optimal system/service performance. Provides support for desktop telephones and soft clients running on desktop computers, cellular telephones and fixed-mobile telephony applications running on cellular telephones, and enterprise voice messaging services. Provides consulting on more involved and difficult telecommunications solutions. May provide direction to junior employees.

RESPONSIBILITIES

- Provides high-quality customer service through courteous and professional communication. Supports and maintains effective relationships with consistent follow-up and documentation.
- Provisions telephone services, including voice messaging and cellular voice/data services, using proprietary systems software and vendor portals. Provides technical support to the University community to resolve moderately complex first- and second-tier telephone service and communication issues in an efficient and timely manner. Thoroughly and accurately documents issues and request history and routes advanced second- and third- tier issues and requests to the appropriate technical personnel.
- Provides timely resolution of problem or escalation on behalf of the client by maintaining strong working relationships with Telecom Engineers, Network Engineers, prime telecom contractor, vendors, and other OIT professionals.
- Provides moderately complex consultation, support, and instruction for clients.
- Updates telemanagement system and E911 databases reflecting telephone service changes.
- Audits and tracks telecom vendor bills for correctness of services and pricing, to uncover any fraudulent use, and for assessing service capacity for optimal efficiency.
- Assists in the development of standard operating procedures and customer service guidelines. May assist with hardware and software evaluation or testing as part of the development of new initiatives being undertaken by OIT Telecommunications.
- Performs other related duties as assigned by the supervisor.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below.
