JOB FAMILY AND FUNCTION

Job Family:	Information Technology
Job Function:	Cyber Security

JOB SUMMARY

Under general supervision of the Information System Security Manager (ISSM), serves as the Information System Security Officer (ISSO) for the Office of Research Security Compliance. Responsible for the planning, engineering, developing, implementing, and compliance monitoring of research information security programs. Performs analysis to ensure security controls are consistently implemented, integrating new technology with IT security standards; developing and executing plans for monitoring, assessing, and verifying security controls across all major information systems; and developing, evaluating, and exercising IT survivability and contingency plans to protect the university's information assets.

RESPONSIBILITIES

- Ensures research information systems are operated, maintained, and disposed of in accordance with security policies and procedures as outlined in the security plan.
- Verifies the implementation of delegated aspects of the system security program.
- Ensures all proper account management documentation is completed prior to adding and deleting system accounts and verifying all security documentation is current and accessible.
- Conducts periodic assessments of authorized systems and providing corrective actions for all identified findings and vulnerabilities.
- Ensures audit records are collected and analyzed in accordance with the security plan.
- Monitors system recovery processes to ensure security features and procedures are properly restored and functioning correctly.
- Monitors changes to systems that could affect authorization.
- Ensures user activity monitoring data is analyzed, stored, and protected.
- Executes the continuous monitoring strategy.
- Performs other related duties as assigned by the supervisor.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---
