Auburn University Job Description

Job Title: Tech II, Irrigation
Job Code: NA36
FLSA status: Non-exempt

Job Family: Facilities, Maintenance, & Operations
Grade FM09: $32,000 - $44,800

Job Summary
Under general supervision, performs a variety of intermediate repairs, installations, and maintenance for all irrigation systems associated with Auburn University.

Essential Functions

1. Performs complex troubleshooting, repairs, and preventative and routine maintenance on irrigation systems.
2. Assists with University landscape projects by providing irrigation system support.
3. Programs all irrigation controllers so that water is distributed on an as needed basis.
4. Operates machinery required to install and maintain irrigation systems including, but not limited to, mini excavators, trenchers, small boring machines, and small utility tractors.
5. Schedules the watering of all irrigated areas around campus according to season, weather, and campus events.
6. Installs new irrigation systems through trenching, wiring, and valve box digging.
7. Assists in the design of new irrigation systems by mapping zones, determining pipe and line sizes, and selecting the appropriate components.
8. Determines the appropriate amount of water required for irrigation by calculating flow rates (GPM) and water pressure (PSI).
9. May assist in installing and maintaining central control smart irrigation systems.
10. May be responsible for meeting and maintaining training and certification requirements as outlined by the applicable department's training and credentialing requirements.
11. Provides mentorship and training to Irrigation Tech I’s. Performs other related landscape duties as assigned.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
