### JOB SUMMARY

Provides leadership and supervision to personnel engaged in solid waste and recycling operations at Auburn University.

### RESPONSIBILITIES

- Supervises the daily activities and processes associated with the collection and hauling of the university's solid waste and recycling, including construction and demolition debris (inert waste) generated by university departments, and have the ability to perform duties of workers supervised. Coordinates the day-to-day work and responsibilities of assigned staff by monitoring work assignments, inspecting job sites, and ensuring that quality work is completed in a safe and timely manner. Establishes solid waste and recycling routes and schedules. Plans and optimizes work of assigned staff, adjusting as needs change. Assigns work orders and manages the workflow to completion.
- Works closely with the solid waste and recycling collection and disposal services contractor to ensure safe and timely collection of the university's solid waste and recycling, including, but not limited to, front-end loaders, roll-offs, and compactors.
- May work outside normal operating hours and days to manage special events, emergencies, and inclement weather. Leads team and clean up for all game day operations including set-up, during game, and post-game clean up.
- Provides technical expertise and is responsible for the safe operation, maintenance, and repair of department equipment such as compactors, balers, towables, forklifts, and solar-powered smart waste and recycling containers.
- Plans safety and equipment training, scheduling, and development of staff. May be responsible for meeting and maintaining training and certification requirements as outlined by the department's training and credentialing requirements.
- Meets with customers ensuring that their solid waste and recycling needs are met. Investigates complaints and recommends corrective action when necessary.
- Coordinates with other facility shops, departments, and/or outside contractors to ensure the appropriate support for each job. Communicates with stakeholders to provide updates, answer questions, resolve issues, and ensure the efficient completion of projects and jobs.
- Responsible for maintaining records of work orders, activities, time, and schedules. Gathers metrics and provides reports. Evaluates the effectiveness of departmental activities. Takes notice of opportunities to increase waste diversion. Identifies areas of improvement.
- Supports the manager in strategic planning, budget planning, and reporting as needed.
- Performs other duties as assigned.
