JOB FAMILY AND FUNCTION

Job Family:	Facilities, Maintenance, & Operations
Job Function:	Project Support & Data Management

JOB SUMMARY

Serves as a liaison for construction personnel involved in new construction and renovation projects for Auburn University.

RESPONSIBILITIES

- Reviews, writes and issues supporting documents for small public works contracts according to submitted bids and University regulations.
- Receives and develops project estimates/quantity surveys for new construction and renovation projects as needed for project execution and material procurement.
- Solicits quotes from vendors and estimates delivery dates, analyzes proposals, prepares purchase requisitions, and monitors shipping schedules if needed.
- Analyzes design plans and visits project sites to assist in calculating quantities to order, purchase, receive and catalog materials and supplies needed for new construction and renovation projects.
- Maintains and documents records of all bid results.
- Maintains and monitors computer data base on sensitive project information that may include orders, vendors, and tracking materials and supplies.
- Develops and distributes bid packages/request for proposals, plus schedules and attends pre-bid meetings relating to upcoming university building projects.
- Receives, analyzes and certifies bids for small public work contracts.
- Coordinates with Project Managers to schedule submittals and material deliveries for new construction and renovation projects.
- Creates and maintains project schedules to assist Assistant Director in planning for future work.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.
----------------------------	---------------------------------------------------------------------------------------------------------------------------------------

MINIMUM QUALIFICATIONS

To be eligible, an individual must meet all minimum requirements which are representative of the knowledge, skills, and abilities typically expected to be successful in the role. For education and experience, minimum requirements are listed on the top row below. If substitutions are available, they will be listed on subsequent rows and may only be utilized when the candidate does not meet the minimum requirements.

MINIMUM EDUCATION & EXPERIENCE

Education Level	Focus of Education		Years of Experience	Focus of Experience	
Bachelor's Degree	Degree in Building Sciences, Engineering, or related field	And	6 years of	Experience with construction practices	

Substitutions Allowed for Experience Yes

Substitution allowed for Experience: When a candidate has the required education, but lacks the required experience, they may normally apply additional appropriate education toward the experience requirement, at a rate of one (1) year relevant education per year of required experience.

MINIMUM KNOWLEDGE, SKILLS, & ABILITIES

Possesses and applies a broad knowledge of principles, practices and procedures of a particular field of specialization to the completion of difficult assignments.

Also possesses knowledge of related fields and areas of operation which affect, or are affected by, the work.
