JOB FAMILY AND FUNCTION

Job Family:	Facilities, Maintenance, & Operations
Job Function:	Facilities Services

JOB SUMMARY

Supervises and leads the maintenance efforts of the Preventive Maintenance shop, serving Auburn University. Reporting to the Maintenance Engineer, responsible for supervising and leading a maintenance workforce consisting of skilled trades personnel assigned to the shop. Responsible for planning and executing preventative maintenance work and overseeing maintenance work orders to correct and repair building deficiencies to keep campus facilities operational in support of the University's mission.

RESPONSIBILITIES

- Provides leadership and supervision of multi-trade maintenance technicians for the effective and efficient completion of all preventative maintenance work requirements, assigned maintenance projects, and other specialized tasks.
- Ensures all work performed by University tradespersons and contractors involved meets University policies, procedures, and contract requirements. Ensures that work is completed in a safe, timely manner and in compliance with the appropriate regulatory agencies.
- Ensures the quality and timely responsiveness of assigned maintenance activities, including after-hours response to emergency calls. Supervises and coordinates the Roving Mechanics to ensure that campus has 24/7 maintenance tech coverage. May work outside of normal operating hours and days to manage special projects or maintenance emergencies.
- Oversees work assignments to meet organizational goals and client deadlines in support of University, Facilities Management, and Maintenance department guidelines and mission. Meets with clients on a regular basis to understand their facility needs, plan preventive maintenance activities, and ensure that support can be provided.
- Coordinates among the Maintenance department's zones and shops, other Facilities Management departments, outside contractors, and Auburn University customers and visitors ensuring that maintenance activities are coordinated and communicated. Communicates with stakeholders to maintain awareness of activities, maximize efficiencies, answer questions, and resolve issues.
- Ensures timely and accurate data is maintained in the work management system to provide proper reporting for clients and senior leadership within Facilities and the University. Tracks status of work accomplishments, analyzes data, and prepares reports and recommendations in support of increasingly higher levels of performance and productivity.
- Maintains records and documentation of work activities, supplies, and equipment. Assists in the development of procedures and operating instructions for safe, accurate, and quality work performance and updates on project status.
- Participates in the recruitment of staff positions including reviewing resumes, participating in interviews, and conducting performance review evaluations. Assists in resolving employee relations issues.

RESPONSIBILITIES

- Responsible for the Preventive Maintenance budget coordination. Oversees all shop purchases and material requests.
- May be responsible for meeting and maintaining training and certification requirements as outlined by the applicable department's training and credentialing requirements. May perform other specialized tasks related to upkeep of buildings, grounds, and facilities as assigned.

SUPERVISORY RESPONSIBILITIES

Supervisory Responsibility	Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.
