

I have questions about how COVID-19 affects my job.

Who is my department's COVID-19 liaison?

If you are an Auburn employee with questions about how COVID-19 may affect your employment, your COVID-19 Liaison is an invaluable resource. COVID-19 Liaisons collect and maintain the confidential information collected by supervisors. These knowledgeable, trained employees are liaisons between your division and the various campus entities or employees essential to Auburn's COVID-19 response.
