

COVID-19 STUDENT DECISION TREE

If you have tested positive for COVID-19 (regardless of vaccination status)* ...

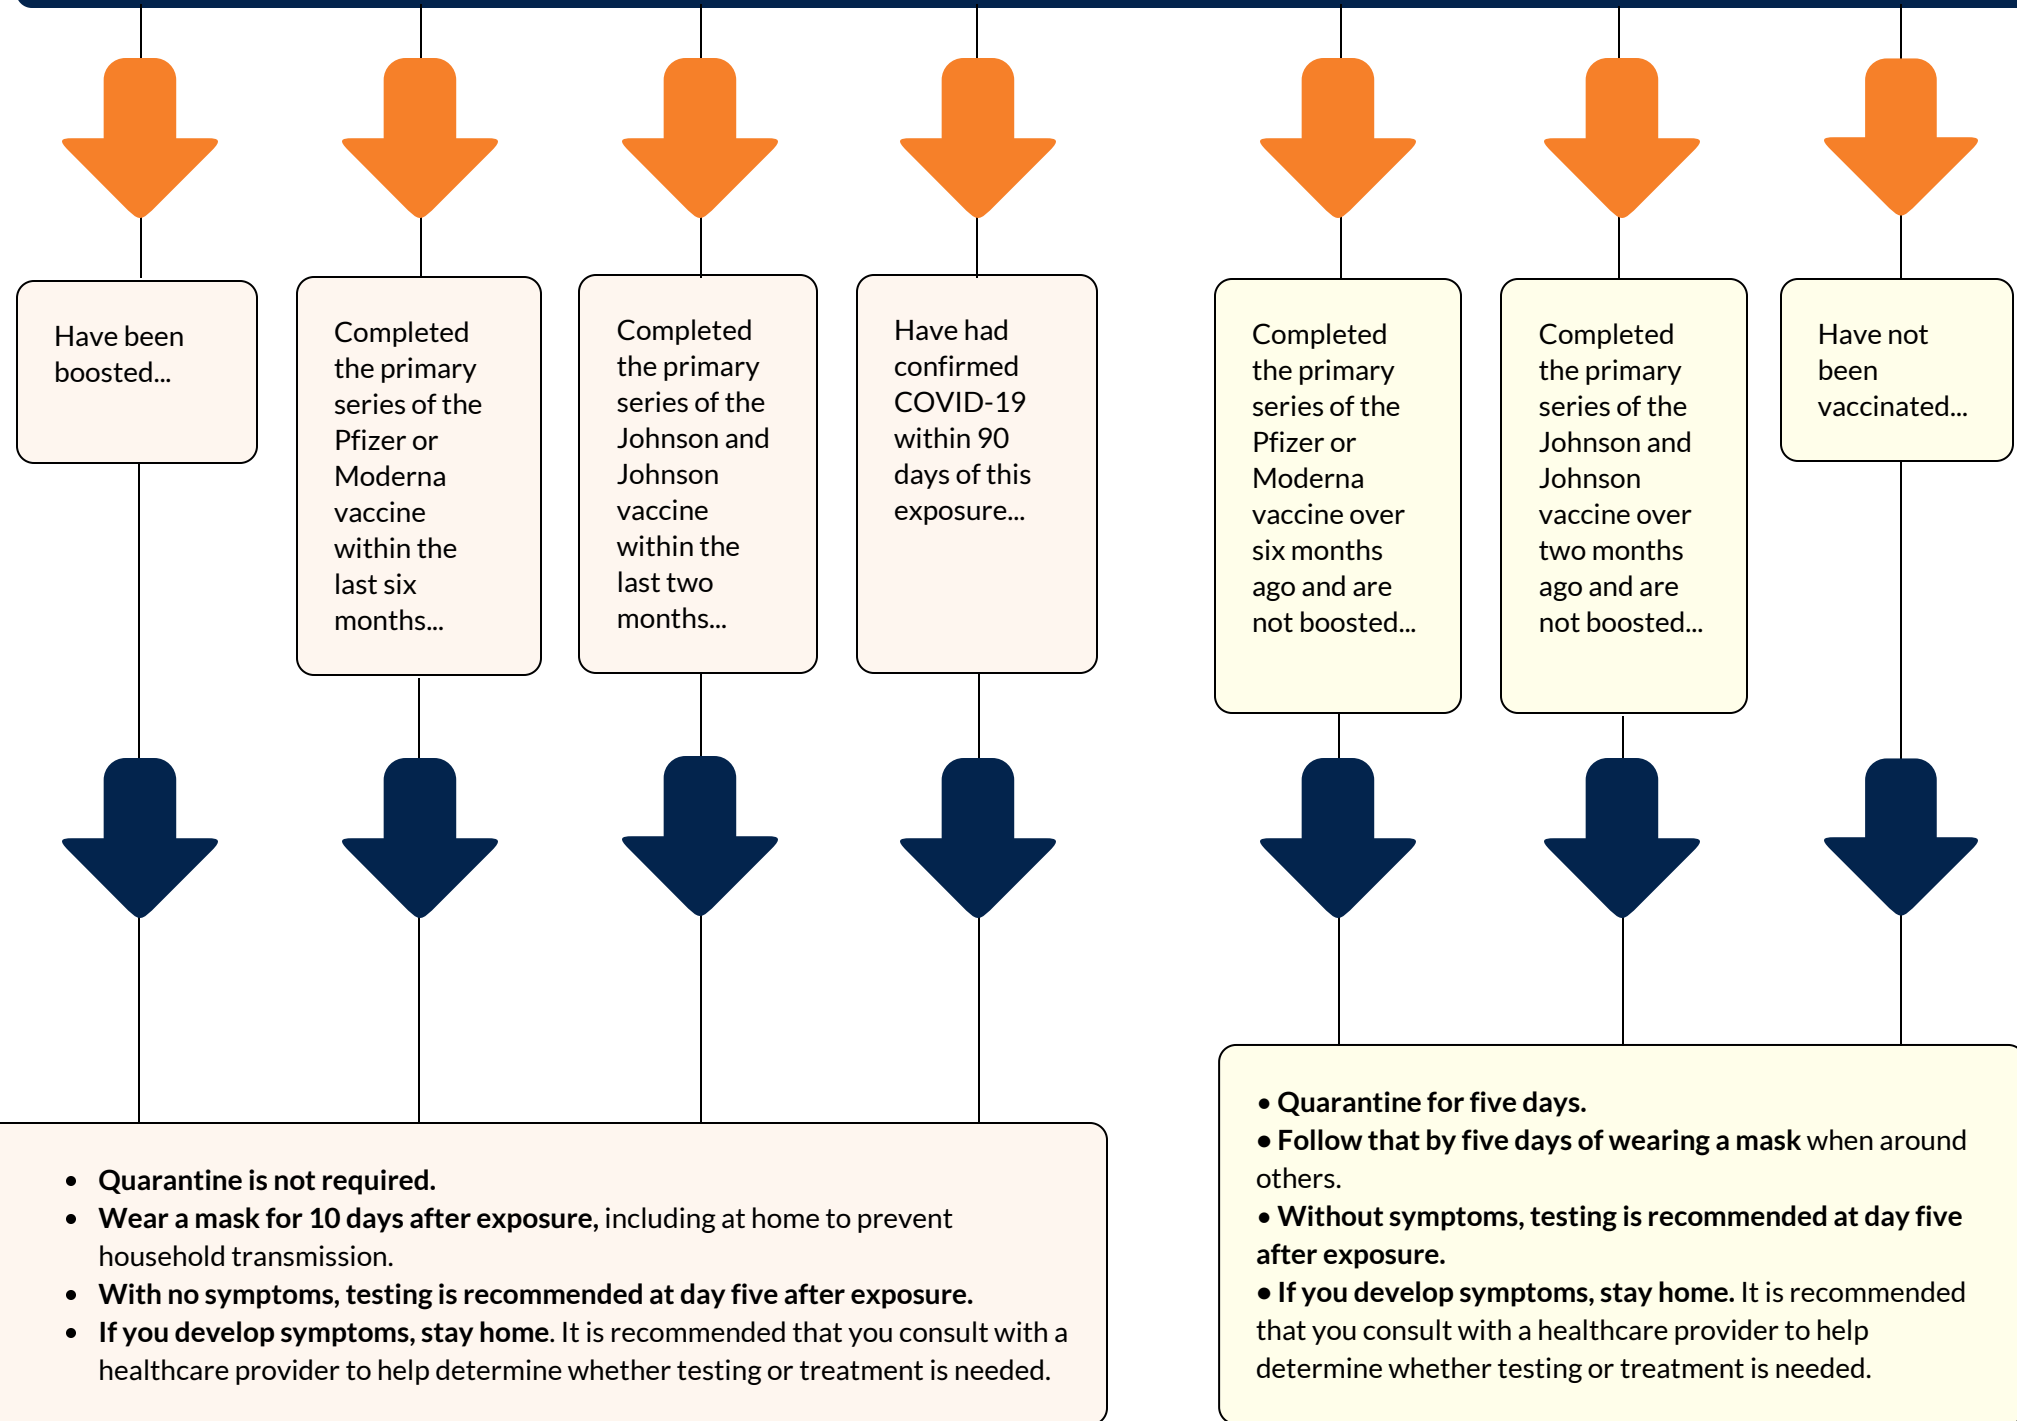

- You should isolate for five days.
- If you have no symptoms or your symptoms are resolving (fever free for 24 hours), follow that by five days of wearing a mask when around others.

You should also do the following:

- **Complete the required COVID-19 Self-Report Form:** More information, including when you can return to campus, will be provided after a self-report form is submitted.
- **Notify your instructors you will not be in class:** It is up to you if you want to tell your instructors that you tested positive for COVID-19.
- **Notify your close contacts:** Anyone who had close contact (15 or more minutes, 6 feet apart or less) with you needs to be contacted to let them know they have been exposed to COVID-19.

* The CDC has updated the recommended isolation and quarantine period for people with COVID-19.

If you have been exposed to someone with COVID-19 and...

If you have had **secondary exposure** (a close contact exposure to someone who is being tested for COVID-19 but the results are not yet available), but are not ill, then self-quarantine is not necessary. However, you should continue to practice mitigation strategies including wearing a well-fitting mask, monitor your health daily for the COVID-19 symptoms identified by the CDC and practice infection control measures.
