**Mobile:** 352-514-7558

**Email:** [Craig@RETI.us](mailto:Craig@RETI.us)

**Website:** [RETI.us](http://RETI.us) or [CraigGrant.info](http://CraigGrant.info)

As the lead Subject Matter Expert (SME) of NAR's upcoming rebuild of ePro, 2023 RIS Media Newsmaker as an Industry Futurist, over 150 in-person & virtual speaking engagements around the world each year, including sessions for NAR, several state conventions, franchises, CRS, & other key industry events, Craig Grant is considered one of the most sought-after technology, marketing & cybersecurity speakers around.

Whether it be at an industry event, in the classroom, or online via Zoom or the RETI.us portal, one thing that fuels Craig is to help today's real estate professionals embrace and get over their fear of technology so that it can work for them and not against them.

As his motto, "Advanced Real Estate Technology & Marketing Instructed at a Pre-K Level" states, Craig is able to take extremely complicated topics & present them in a way that the average non-technical person not only understands but is able to apply & improve their business.

In addition to being the CEO of the Real Estate Technology Institute and RETI.us, the Real Estate Industry's Home for Online Technology Education, Craig Grant is an avid sports fan & music lover who can be found watching and/or participating in events and concerts with friends.

**AV Requirements**

Uses a MacBook Pro laptop (have every adapter for any hook up), typically build in Keynote, Google Slides, or Canva, all of which can save to Powerpoint, but if it is required that I present off of a Windows device running Powerpoint, a review of the slides is suggested to ensure everything looks right.

Prefers lavalier or headset to a handheld microphone

Projector & Screen to be provided, has own clicker

An audio patch to speakers & Internet connection is a plus with most presentations
